

## **Request for Headstone Cleaning**

Gravestone cleaning is a vital aspect of maintaining the dignity and respect of our loved ones' final resting places. Over time, natural elements and environmental factors can cause damage to the gravestone, making it difficult to read inscriptions or appreciate the design.

### **Benefits of Cleanings**

Our Professional grave cleaning services offer several benefits, including:

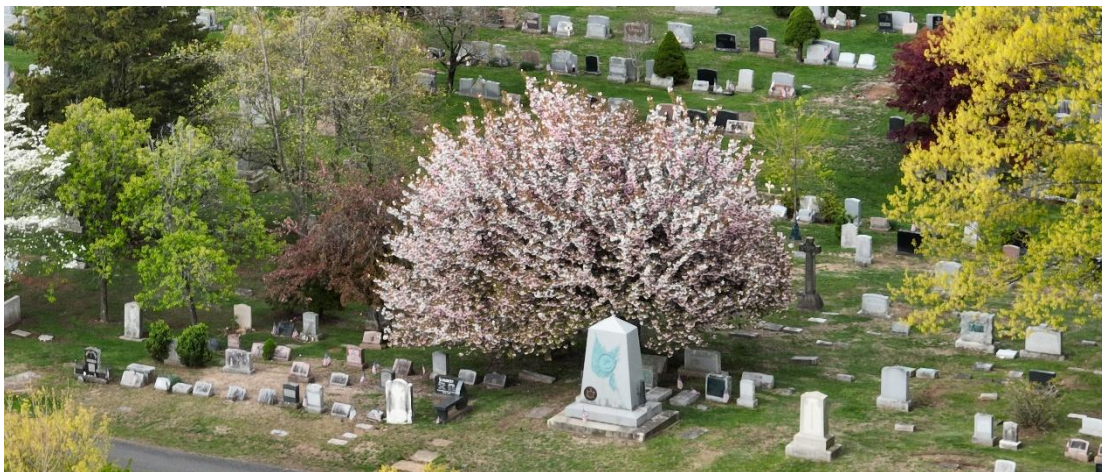

- **Preventing Damage:** Regular cleaning can help prevent damage to the gravestone over time.
- **Improve Aesthetics:** Cleaning services can help restore the gravestone's original beauty and improve readability of inscriptions.
- **Peace of Mind:** Knowing that your loved one's gravestone is being regularly maintained can provide a sense of comfort and peace of mind.

\*Please keep in mind that the headstone may not look exactly how it did when it was new even after cleaning.

### **Process**

Our team will inspect the stone prior to cleaning. If the stone has been damaged or is beyond our expertise, we will deny service and refund your money. Stone materials will be considered when choosing the best process in effectively removing dirt, moss, lichen, and other debris, restoring the stone's appearance.

We appreciate your interest in our headstone power washing services. To proceed with your request, please review the following details and disclaimers.

### **Service Rates**

<b>Service Type</b>	<b>Description</b>	<b>Price</b>

  - *Note: Credit card payments are subject to a 3% processing fee.*

### **Disclaimer**

While our staff will handle your loved one's headstone with the utmost care and professionalism, it is important to acknowledge that the power washing process may pose certain risks, particularly to older or more delicate stones. By signing this document, you agree to the following terms:

- 1. Acknowledgment of Risk:** You understand that power washing, while generally safe, may potentially cause damage to the headstone, especially if the stone is old, weathered, or has pre-existing cracks or other vulnerabilities.
- 2. Limitation of Liability:** You agree that Rockland Cemetery and its staff shall not be held responsible for any damage that occurs to the headstone during or as a result of the power washing process.
- 3. Consent to Proceed:** By signing below, you consent to the power washing of the specified headstone and accept the terms and conditions stated in this disclaimer.
