

Steven Radich

March 12, 1963 - April 24, 2024

NEWBURGH - Steven Gerard Radich passed away with his family on April 24, 2024 at the age of 61 years young after a long courageous battle with cancer. Born in the Bronx, New York, Steven was born to Mary and Joseph Radich. He is survived and loved by his two children Joseph (Nicole), age 36, and Derek (Christine), age 33, significant other Jasmine Perez, sons Jeffrey and Joshua, 2 granddaughters Gabriella, age 10, and Mila, age 3, and 1 soon to be grandson (Due in Oct).

Steven spent more than half of his life working for the City of New York Fire Department (FDNY) helping those in need and assisting those during their darkest hours. His hard working, enthusiastic, larger-than-life personality was intoxicating. He had a tremendous work ethic, routinely having one or two other 'gigs' even while working for the fire department.

One of Steves biggest accomplishments was being a steadfast provider for people, especially his family. Just like every fireman, food was a big part of his life. Steve enjoyed cooking and more importantly eating and sharing the joys of good food and good wine. Steve also loved American and Presidential history as well as reading. Steve was a big sports fan and die hard New York Rangers hockey fan. Although he rarely showed it, Steve was very musically inclined and played the clarinet, piano, and accordion.

Steve was also a great problem solver and amazing handy man and was the go-to guy when his sons called with construction or landscaping projects. Steves logical and methodical way of thinking is what led his projects to success. While Steve presented a tough courageous facade, nothing made him weaker than his grandchildren that had him wrapped around their fingers. There was nothing he was more proud of then the success of his children. Steve's larger than life physical and personal presence will be gone but never forgotten.
